1. Occupational Release: Collect spilled material, in appropriate container.

Handling and Storage

1. Store in accordance with current regulation standards.

Exposure Controls. Personal Protection

1. Exposure Limits: No occupational exposure limits established.
2. Ventilation: Additional ventilation not required.
3. Eye Protection: Not required under normal conditions.
4. Clothing: Protective clothing not required under normal conditions.
5. Gloves: not required under normal conditions.
6. Respirator: Not required under normal conditions. Under heavy exposure conditions or prolonged exposure may be required.

Physical and Chemical Properties

1. Physical State: Liquid.
2. Colour: Clear.
3. Smell: Waxy.
4. Boiling Point: > 100c
5. Freezing Point: Not available.
6. Vapour Pressure: Not available.
7. Vapour Density: Air = 1 > 1
8. Specific Gravity: 1.1
9. Water Solubility; miscible.
10. PH: 7 – 8
11. Odour Threshold: Not available.
12. Evaporation Rate: BuAc = 1 < 1

Stability and Reactivity

1. Reactivity: Stable at normal temperatures.
2. Condition to avoid: None reported.
3. Incompatibilities: None.
4. Toxicological Information: Not available.
5. Ecological Information: Not available.
6. Disposable considerations: Dispose in accordance with regulations
